

COMPOSITE DOORS

BY **HOMEFRAME**[®]

Welcome to **HOMEFRAME**

Experience **You Can Trust**

A new front or back door is an investment in your home, so it should be built to last. Every HomeFrame composite door is precision manufactured using high-quality materials to deliver lasting performance, security and style.

Whether your home is traditional or contemporary, HomeFrame offers a wide choice of styles, colours, glazing and furniture to create an entrance that is uniquely yours.

Beautiful to look at and built to perform, every HomeFrame door combines exceptional security, weather resistance, thermal efficiency and durability, so you can enjoy your new entrance for years to come.

You're in **Safe Hands**

All our doors are backed by a 10-year guarantee, giving you complete peace of mind.

HomeFrame is the GRP composite door brand of GAP, one of the UK's leading manufacturers of low-maintenance building products. With over 30 years of manufacturing expertise, you can be confident you are choosing a door that's built to stand the test of time.

10
YEAR
GUARANTEE

DOOR COLLECTIONS

With a wide collection of Traditional, Classic, Contemporary and Flush doors, HomeFrame composite doors will help you add kerb appeal to your home.

PAGES 10-29

TRADITIONAL

Timeless designs inspired by traditional architecture, featuring elegant panel configurations and enduring styling, our Traditional collection is perfect for period properties.

PAGES 30-51

CLASSIC

A versatile collection that blends timeless design with everyday practicality, combining familiar styling with modern materials and security.

PAGES 52-63

CONTEMPORARY

Clean lines, minimalist styling and bold design combine to create a collection that is perfect for modern living and contemporary homes.

PAGES 64-75

FLUSH

Characterised by a smooth, flat finish and understated detailing, our Flush collection delivers a refined, premium appearance. Ideal for both modern homes and heritage-inspired properties.

LOW MAINTENANCE

Built with a high-density polyurethane insulating core and a durable Glass Reinforced Plastic (GRP) skin, every HomeFrame door is designed to withstand the elements. Unlike traditional timber doors or timber composite doors, they won't warp, rot or require regular repainting, keeping your entrance looking its best for years to come.

THERMALLY EFFICIENT

A HomeFrame composite door helps keep warmth in and cold out. Combining an insulated core, energy-efficient glazing and a thermally efficient frame, our doors are designed to improve comfort, reduce heat loss and enhance the energy efficiency of your home.

CRAFTED TO IMPRESS

Beautifully designed to enhance every home, HomeFrame doors combine exceptional craftsmanship with stunning aesthetics. Available in a wide choice of styles, colours, glazing designs and hardware finishes, every door can be tailored to create an entrance that's as individual as your home.

You're in **Safe Hands**

HIGH SECURITY

Every door is engineered to help protect what matters most. Combining a reinforced frame, advanced locking systems and premium security hardware, our doors are built to provide exceptional strength, security and peace of mind.

5 Point Lock

Every door is fitted with a multi-point lock that secures the door sash to the reinforced frame at five separate points, providing enhanced protection against forced entry.

3 Star Cylinder

Our 3-star security cylinder features anti-snap, anti-bump, anti-pick, anti-drill and anti-freeze protection, and a sacrificial front section to help deter break-in attempts.*

Steel Frame

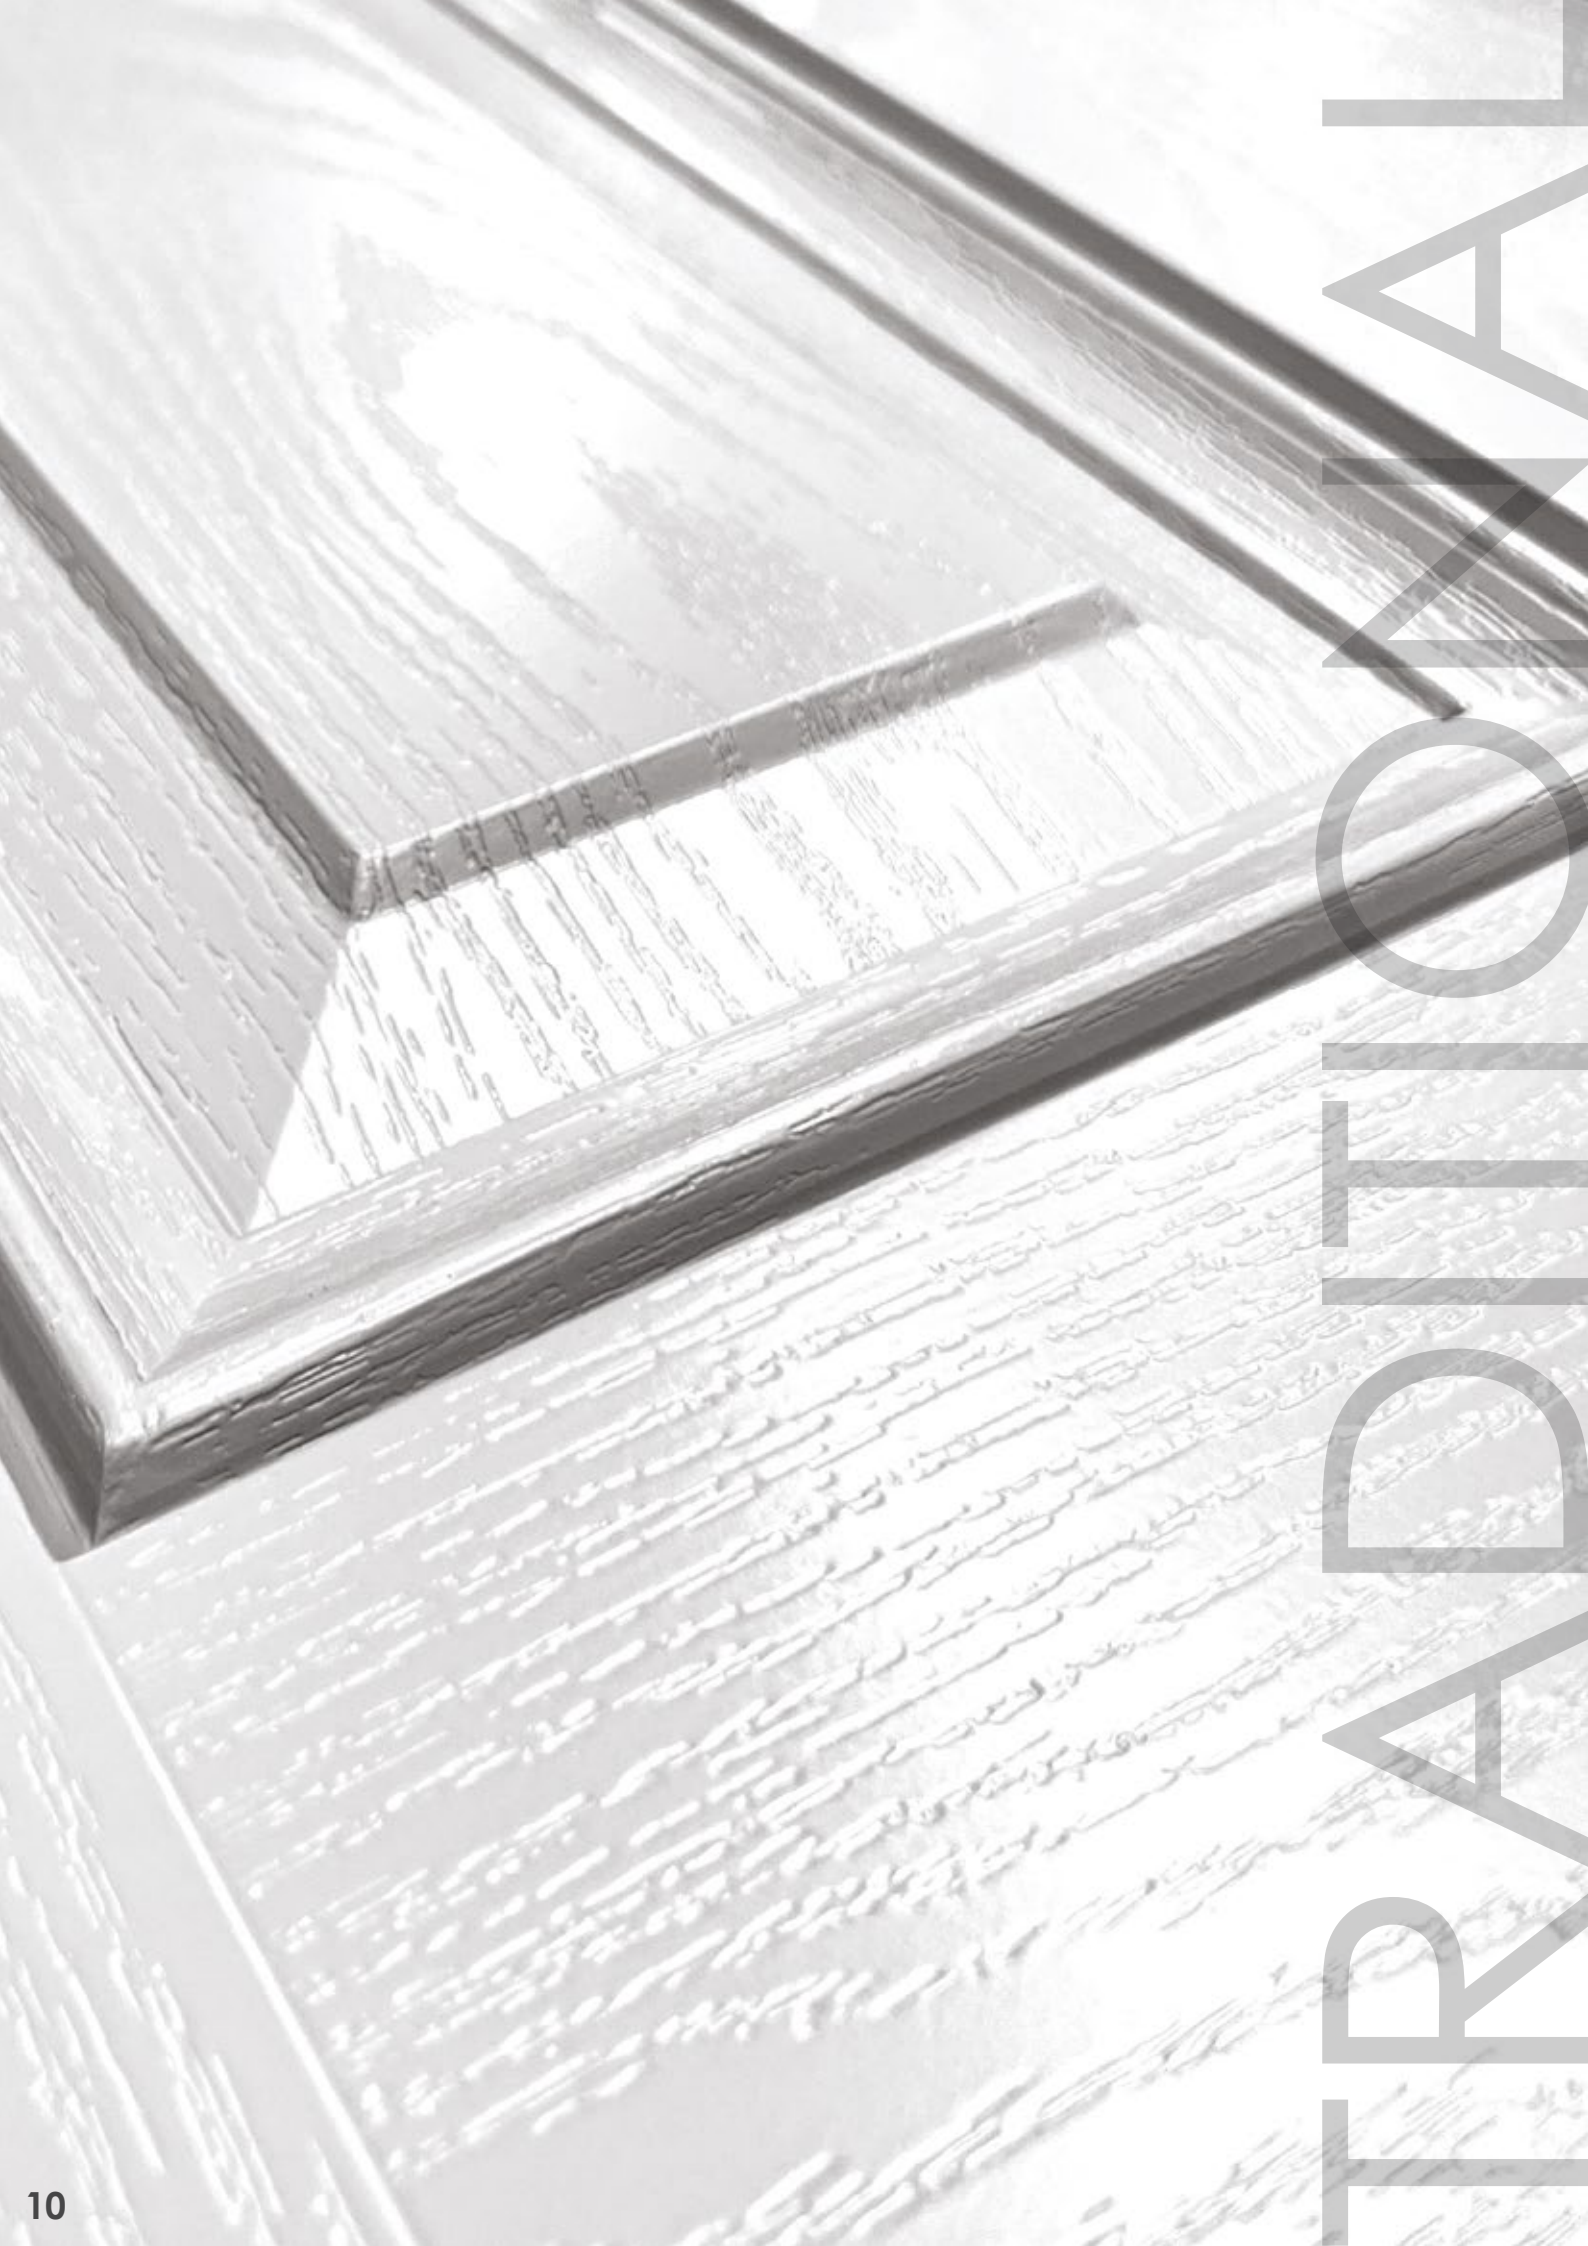

The PVC-U outer frame is internally reinforced with steel, creating a strong, rigid structure that provides a secure anchor for the locking system.

Weather Performance

The Glass Reinforced Plastic (GRP) skins are designed to withstand the harshest weather conditions without warping, cracking or fading, helping your door look and perform at its best for years to come.

TUSCANY

Whilst the Tuscany is our most popular style of back door, especially with integrated blinds, it also looks stunning as a front door with various striking glass designs and a Georgian bar effect available.

TUSCANY GRID LITE

The Tuscany Grid Lite is available with a design called the Etch. This features special satin glazed units with a clear border, that appear as separate pieces of glass behind the Georgian bar effect glazing cassette, thanks to the clever use of spacer bars.

The Etch design is also available in the Cannes, Madeira and Brussels door styles, and is available in a satin backing glass option too.

GLASS OPTIONS EXPLAINED

Privacy is important, so we have created the guide below to help you choose the glass design that will meet your requirements. You will see a little symbol below each door to help your decision.

Satin

PRIVACY LEVEL 5

These designs are perfect where total privacy is required, but light is still desired.

Designs & Patterns:

- **Fluted** • **Pinpoint** • **Satin**

Aurora

PRIVACY LEVEL 4

High levels of privacy are offered with these stunning glass designs.

Designs & Patterns:

- **Abstract** • **Aurora** • **Cathedral** • **Classic** • **Crystal Flowers** • **Diamond Cut**
- **Greenwich** • **Horizon** • **Linear** • **Matrix** • **Modena** • **Rain** • **Tahoe**
- **Zinc Art Star** • **Belmont** • **Monterey**

Finesse

PRIVACY LEVEL 3

Triple glazed designs are common in this range and feature glass textures such as clear, gluechip and etched glass.

Designs & Patterns:

- **Elegance** • **Etch** • **Finesse** • **Flair** • **Kensington** • **Reflections** • **Simplicity**
- **Strand** • **Victorian Border** • **Manhattan** • **Langham**

Beaumont

PRIVACY LEVEL 2

Soft rippled glass designs and coloured films are common in this privacy rating.

Designs & Patterns:

- **Beaumont** • **Dorchester** • **New Orleans**

Clear

PRIVACY LEVEL 1

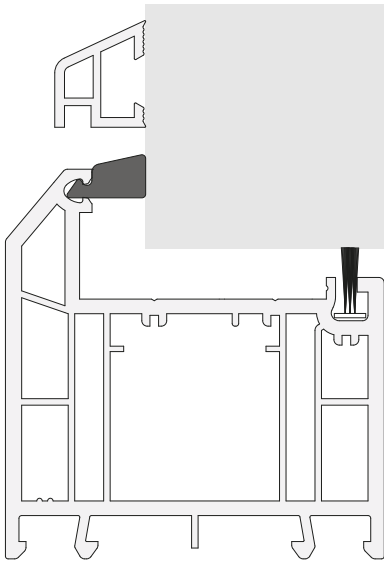

You can't get any clearer than clear glass. Perfect with back doors for seeing into your garden, or for front door side panels.

Designs & Patterns:

- **Clear Glass**

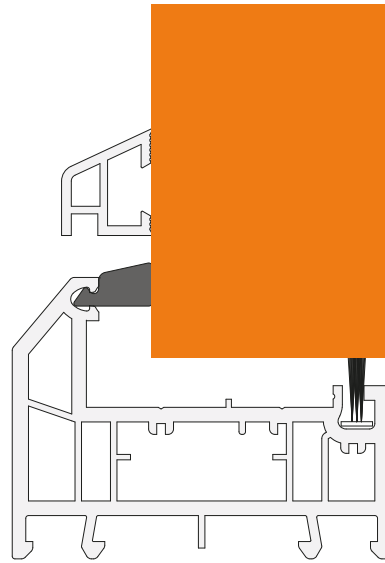

THRESHOLD OPTIONS

RECOMMENDED OPTION

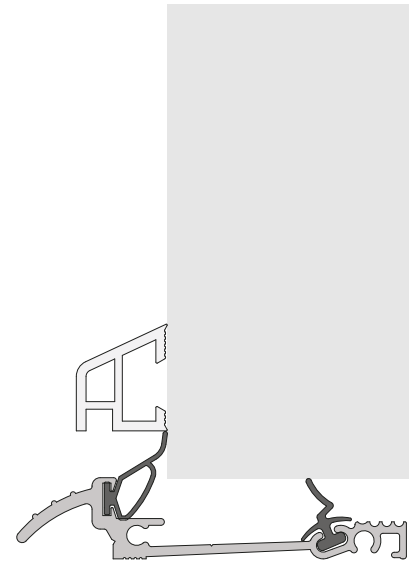

FULL THRESHOLD 72MM

A full threshold offers maximum thermal performance.

SLIM THRESHOLD 52MM

This option provides the best of both worlds for thermal performance and practicality.

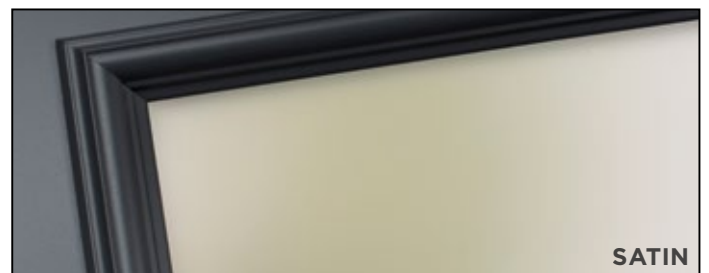

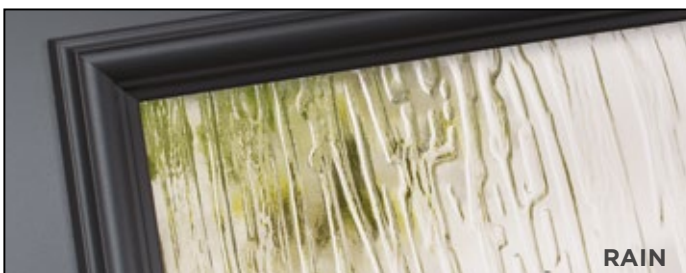

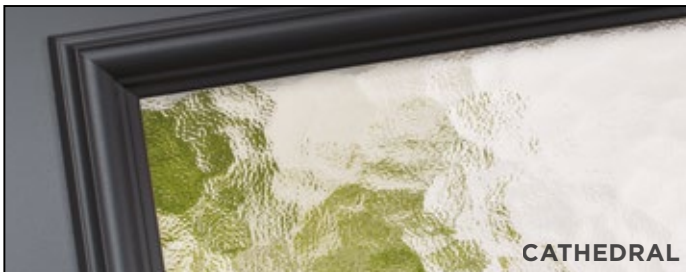

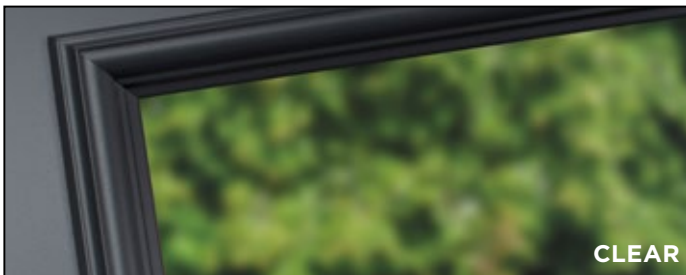

LOW ALUMINIUM 15MM

A low aluminium threshold provides easy access for prams and wheelchairs.

BACKING GLASS OPTIONS

The following backing glass options are available with most of our door styles, so you can choose your glass to complement your preferred door style. Please ask your installer for further details.

Please note, the above options can't be used in conjunction with a glass design.

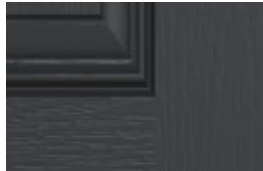

DOOR COLOURS

HomeFrame doors are available in 30 stunning colours. From contemporary favourites such as Agate Grey and Black to heritage-inspired shades including Duck Egg Blue and Chartwell Green, there is a colour to suit every style of property.

Each gloss finish is enhanced with a realistic woodgrain effect, delivering the authentic appearance of a traditional timber door without the ongoing maintenance, warping, or weather-related issues associated with natural wood.

NUMERALS

Numerals are available in Chrome, Graphite, Gold, Black and Antique Black.

BAR HANDLE HEIGHTS

Bar handles are available as both in-line and off-set options and can be chosen as black or 316 marine grade stainless steel.

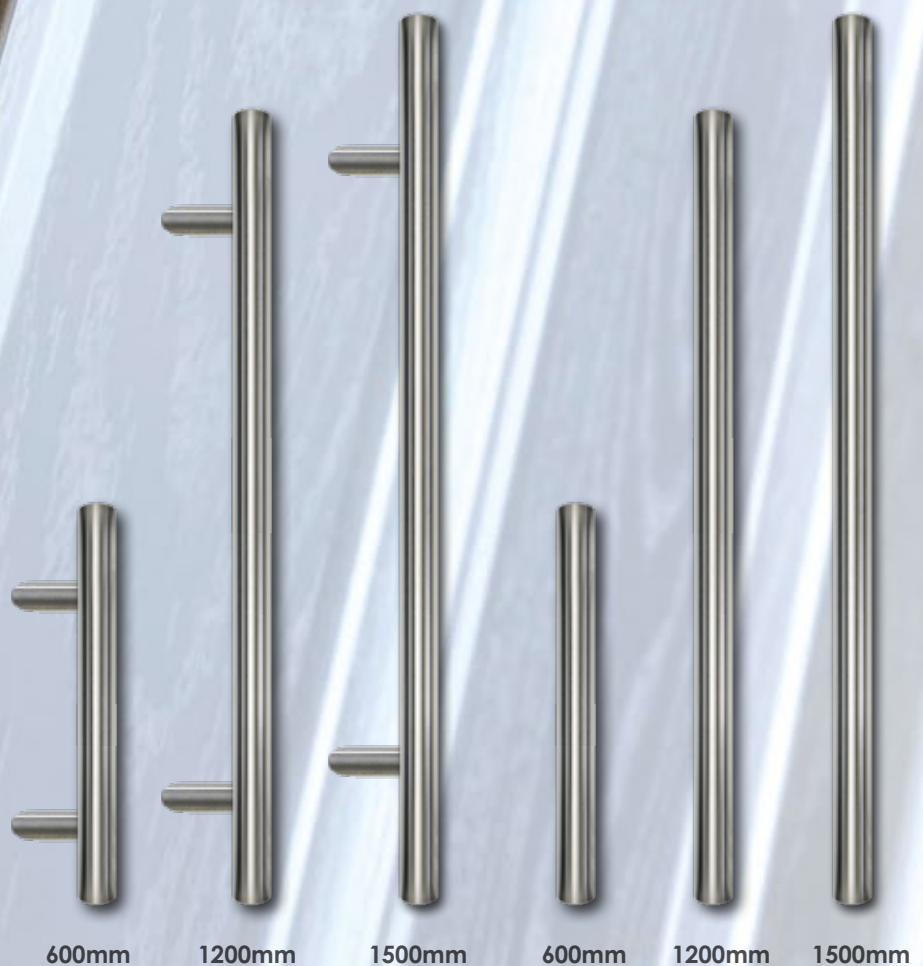

When choosing bar handles, talk to your HomeFrame installer about the balance between aesthetics that they can offer, and how you intend to use the door.

When choosing additional furniture to match stainless steel bar handles, we recommend choosing Graphite as your colour option.
