

TECHNICAL data

Glass Cleaner 1ltr, 5ltr & 25ltr.

Origin

GAP Glass Cleaner is manufactured and packed in the United Kingdom.

Characteristics

GAP Glass Cleaner is a perfumed and coloured liquid and non tainting. The high specification of this material allows the removal of a wide variety of contaminants. Such as, nicotine, atmospheric grime, oily deposits, finger marks, dust and most other common laintenance. Leaving a sparkling non smear clean surface.

Uses

GAP Glass Cleaner is designed for use on most types of glass, mirror, plastic, and hard surfaces such as chrome and laminates. It is therefore ideal for use in the Double Glazing, Automotive, PSV, industries and around the home.

Application

Adjust the nozzle to give a fine spray, hold the bottle upright approximately 20-30 cm away from the surface to be cleaned and lightly spray GAP Glass Cleaner sparingly. Using a suitable clean absorbent cloth polish the surface dry for a bright sparkling clear finish.
