

**gap SOIL DIAGRAM**

**FIRE COLLAR APPLICATION**

Used to seal PVC-U pipes as they pass through cavity walls and floors. In a fire the intumescent lining reacts to extreme heat and will expand and block a potential fire path.

SP302 VENT TERMINAL

SP300 WEATHERING COLLAR

SP320 WEATHERING SLATE

AV110 AIR ADMITTANCE VALVE

The FloPlast Air Admittance Valve is designed to allow the free entry of air into the sanitary pipework system without the escape of foul gases into the building.

Sizes: 32mm to 110mm.
