A SUPERIOR ANIMAL ALTOGETHER.

BIFOLD DOORS

Bifold doors in uPVC, Kawneer Aluminium and Schüco Aluminium

Bifold doors offer the perfect house to garden solution for many home owners. They really do open up a property and let the light flood in.

We take your security seriously and fit 3-star diamond rated cylinder locks to all of our KAT bifold doors.

WITH THE REASSURANCE OF TOP QUALITY BIFOLD DOORS, KAT MAKES IT HOME

Low threshold option

Bringing the outside in

Whatever the style of your home and the size of your living space, our bifold doors offer you the flexibility to create a home to suit the needs of your family.

All our **Kawneer Aluminium Bifold Doors** are designed to open in whichever way best suits your style of living. You can choose whether to have all your doors sliding to the left or right, or whether to have a single traffic door to one side for everyday use.

Door colour options

Door hardware

SCHÜCO ALUMINIUM BIFOLD DOORS ASS70FD

Schüco Aluminium Bifold Doors are regarded as possibly the finest bifold doors money can buy. Every detail from the initial design to how the doors are manufactured, contributes to the ultimate bifold door.

Where many other bifold door systems can be restricted in how they can be incorporated into the overall building design, Schüco doors offer a diverse range of design options enabling most design briefs to be met, particularly in terms of sash size and overall door scale.

Doors can be made taller and wider than other bifold doors, enabling you to create the largest glass panels for maximum light. Our Schüco Bifold Door hardware can be manufactured in austenitic steel which is a marine grade finish for coastal applications.

Key features

- German engineering manufactured in the UK by KAT
- Choose from 3 standard colours from stock components:
 - Anthracite Grey Matt
 - Black Matt
 - White Gloss
 Or any RAL colour, including dual colours on an extended lead time
- Door heights of up to 3m and 1200mm wide sashes
- Contemporary square bead
- Stainless steel track
- Extra slim 120mm frame interlock
- Ultra light operation to open and close
- Door gasket design unique to Schüco
- Tested to DIN EN 12208 standard for watertightness and DIN EN 10077 standard for thermal insulation.

Options

- 4mm low threshold (body must be sunk into the building detail)
- Trickle vent room ventilation.
